has and be fairly incapable of telling the truth. defrauded the alockholders by issuing, without their knowledge or consec; mortgage bonds upon the road for \$100,000. To be sure he nessed only Mr. Henderson and Mr. Horneby as the swindlers, but haknew, or might have known, that Mr. Bullitt and Mr. Flourney were in the whole transaction as Mr. Henderson was. In replying to this charge of fraud and swindling, we mentioned the

that the mortgage boads were made and recorded in the before occurry court more than six months before the first issue of stock aver made, and when there is not the least room for even brazen effrontery is self to deap the fact, "Observar" occily steps out before the public and says that it makes no manner of difference whether the bonds were caused before the stock mas or not. That is to say, it makes, in his opinion, no sort of difference, whether the company, as charged by him, issued the stock and then deliberately swindled the helders out of the whole value of it by fraudulently covering up the road with mortgage bonds and no one purchasing stock without knowing the amount of mortgage bonds and no one purchasing mortgage bonds and no one purchasing mortgage bonds and no one purchasing stock without knowing the amount of stock. Well, a scribbler, who, to relieve himself from a wretched and miserable predicament, will take such a position as that, must be one in whore sould be head of the purchase the imperior, and the stock will be stock will

the mastery, with a strong likelihood that both will wis.

"Ubserver" talks about "Henderson, Horneby, and Co., "as seeking to obtain the grant for effect railroads. The branded calamniator knows that Mr. Hornshy is seeking nothing of the kind—that he has no connection whatever with the Louisville and Durtand Reliand he has no connection whatever with the Louisville and Portland Railroad Company, and that he has had none for a long time. The scribbler lyingily and makiciously and fraudulently associates Mr. Hornshy's name with the company because he thinke or pretends to think that the name is notious, but surely any proad man would sooner wear that name than the cylithests burned to the very skull-name than the cylithests burned to the very skull-name to anthorize the core ration of another respectful interrogatories: Would you you for a horizontal do not represent the core relations of the core rel and maliciously and fraudulently associates Mr.

Hornshy's name with the company because he thinks or pretends to think that the name is odious, but surely any proud man would sooner wear that name than the conthets burned to the very skull-name tantorize the case ruction of another rail-side of the City Council, vote for the lat premium, S. R. Womark & Co., ("Highland or ordinance introduced by Mr. Gillis, or for an ordinance framed npan the same principle or upon only principle akin to it? Would you vote for an ordinance to anthorize the case ruction of another rail-side of M. J. Fletcher, Greencastic, Ind., gold per manner to anthorize the case ruction of another rail-side of M. J. Fletcher, Greencastic, Ind., gold per manner to anthorize the case ruction of another rail-side of M. J. Fletcher, Greencastic, Ind., gold per manner to anthorize the case ruction of another rail-side of M. J. Fletcher, Greencastic, Ind., gold per manner to anthorize the case ruction of another rail-side of M. J. Fletcher, Greencastic, Ind., gold per manner to anthorize the case ruction of another rail-side of M. J. Fletcher, Greencastic, Ind., gold per manner to anthorize the case ruction of another rail-side of M. J. Fletcher, Greencastic, Ind., gold per manner to anthorize the case ruction of another rail-side of M. J. Fletcher, Greencastic, Ind., gold per manner to anthorize the case ruction of another rail-side of M. J. Fletcher, Greencastic, Ind., gold per manner to anthorize the case ruction of another rail-side of M. J. Fletcher, Greencastic, Ind., gold per manner to anthorize the case ruction of another rail-s mask, says, "when the railroad ordinance was first introduced into the Council, my name with others was named as grantees; subsequently these names were withdrawn, and have never since been before the Council, yet, from that day to this, Henderson, Horasby, &Co. have filled the columns of their organ with abuse of me and my fined. "Henderson was named as grantees; subsequently these names that the control of the council, yet, from that day to this, Henderson, and columns of their organ with abuse of me and my fined." Here he was a subset of the columns of their organ with abuse of me and my fined. "Here he was a subset of the columns of their organ with abuse of me and my fined." Here he was a subset of the columns of their organ with abuse of me and my fined. "Here he was a subset of the columns of their organ with abuse of me and my fined." Here he was a subset of the columns of their organ with abuse of me and my fined. The was a subset of the columns of their organ with abuse of me and my fined. The was a subset of the columns of their organ with abuse of me and my fined. The was a subset of the columns of their organ with abuse of me and my fined. The was a subset of the columns of their organ with abuse of me and my fined. The was a subset of the columns of their organ with abuse of me and my fined. The was a subset of the columns of the colum with about of me and my friends." Here he represents that he and bis associates are not now
asking the Council for the grants; yot, in
another paragraph of his article he says, "wa"
(Observer and his associates) "say to the Council you. Wa think wa might frame for you the orly
Council, fix a price—one that is fair and just to the
only and fair to the grantees, and then give US the
grant rather that to Hunderson, Hornaby, & Co."
So at the very moment when he is bagging the
Council to give the grantee shat their names are before the Council
at all, and thinks it a terrible offense that their names are before the Council
at all, and thinks it a terrible offense that their names are before the Council
at all, and thinks it a terrible offense that their names are before the Council
at all, and thinks it a terrible offense that their names are before the Council
at all, and thinks it a terrible offense that their names are before the Council
at all, and thinks it a terrible offense that their names are before the Council
at all, and thinks it a terrible offense that their names are before the Council
at all, and thinks it a terrible offense that their names are passed when the associated, which the project: He makes a grave and
groun mistake either wilfully or ignorantly, when
he associated with the project: He makes a grave and
groun mistake either wilfully or ignorantly, when
he associated with the project: He makes a grave and
ground and to the public; the great issue, the
only legitimate issue, is there. The General
Council are the custodians of the city's rights
and intersets. They are far more selemnly
bound to make the best, the most advantageous
contracts for the missions of the city's rights
and intersets. They are far more selemnly
bound to make the best, the most advantageous
contracts for the missions of the city's rights
and intersets. They are far more selemnly
bound to make the best, the most advantageous
contracts for the missions of the city's right to the contracts for themselves. And any
the miss bound to make the best, the most advantageous contracts for the city than they are or ever can be to make such contracts for the most advantageous to make such contracts for the city than they are or ever can be to make such contracts for themselves. And any honorable member of that body, unless readered a monomanise by prejudice or passion, would sooner throw his naked bead appea a dung-hill than vote to make a grant in the city's name to one company or contain terms, knowing at the same time that another companies was atanding ready to give terms four or five times as profitable, with the ampleat garantages for their fulfillment. We cannot possibly see any room for a difference of apinion upon this matter amone men of the cannot possibly see any room for a difference of apinion upon this matter amone men of the cannot are the contraction of the cannot contract the cannot antess for their fulfillment. We cannot possibly see any room for a difference of spinion upon this matter among men of the anallest sense and reflection. Evan if the Louisville and Portland Companance, when they reach the old world, will cleate an awful them, are guilty of some atrocious crime that demands their cetracism and their swift destruction, do not for heavan's nake let averybody also, on account of these criminal doings, be axefulded from competition when important and valuable grante are to be conferred. If the Louisville and Portland Railroad Company are to company are to the controlled and portland Railroad Company are to the controlled Railroad Company are to the control of the control o

nected with it shall be allowed to be ided to the city grants, but let the competition be open to the city and the rest of the world. We hay to all whom it may concern, that, be the Louisville and Portland R. R. Company what it may, our city will not allow har thousands and tans of thousands and twenties of thousands of inhabitants to be cut of, with impairty, from all right of competition for profitable grants in order that four or five or half a dozen favered citizens may make fortunes by getting at low figure what any half dozen of other intelligent citizens would gladly take at half a dozen times that figure. We have ain Louisville an Opposition Council, we have what is considered, and we have an doubt junity, a concervative and fair-minded and honorable Council, but we do not believe that any Sag Niebt Council of any Lecofoco city in the na doubt justly, a conservative and fair-minded and honorable Council, but we do not believe that any Seg Niebt Council of any Lecofoco city in the Unicu would have the cool daring to do such a scandaleus and askad wrong as our City Council were to presume to watch a pumphin-viae of our council of the Council were to presume to watch a pumphin-viae of our council would not be the council of the Council were to presume to watch a pumphin-viae of our council of the Council was a pumphin-viae of our council of the Council was a pumphin-viae of our council of the Council was a pumphin-viae of our council of the Council of the Council was a pumphin-viae of our council of the Co planting, it would probably run over him and itself around his neck and choke him to ceath.

"Observe" complains that imputations have been cast upon him and some of his accomplices, and he calls for specifications. Considering the character of his charges against Mr. Henderson and the rest of the Louisville and Portland Raifrond Company, he no doubt thinks it a monstrous hardship, an unpuralled cutrage, that a single word about hy way have been doubt the company in the headthed upon his own high and of retaliation, be breathed upon his own high and petless fame. But we say to him and to that other medium went to him that the maguation and the say to him and to that other medium went work without him that the maguation and the went work without him that the maguation and the went work without him that the maguation will went without him that the maguation will went to be a say that the sa leading spirit in the new railroad movement, that there are things which can be done by as quite as cally as they can be said. And we furthermore from winking at corruption except by cutting off its asy to them, that, if they are painfully anxious for any to unem, that, it they are painting anxious for specifications, there is an exceedingly easy way to get them. Let them repeat their infamous charges but I've sees dandy-Jack upon an elephant."

against the integrity of the Loul, vil's and Port o see what can be done for themselves. And the e likely to be achieved by the substitution

road Company. ate so heartity as we de personal charges in news-

Fixancial Matters.—We are giving to news to carrenders when we state that there has been an unusual stringercy in the money merket for some weeks past. "Murder will out" is an old adage not always fourd to be true in these latter slays; but there is suether adage equally as ancient—that "true merit, like water, will always 5.d its leval;" and wa find take water, will always f. d its leval;" and we find its truth abundantly established by the unprecedented success of John Bull's Compound Pectoral of Wild Cherry. It is but little over a year size Dr. Bill first instroduced it to the notice of the public, and already it has attained a world-wids reputation. Wherever coughs and cold\*, and brocchilis and communition are known, it has found its way, and is superseding all other remedies. We cannot too often recommend like use to much of our friends on from recommend its use to such of our friands as

the discovaries of the last faw years the one which has done the most good in a quiet way, we about unheatsatingly name Dr. John Bull: Vegatable Worm Destroyer. Beautiful in appearance, delicious to the taste, and asfe, prompt, and cortain in its effects, it stands without a rival.—Courter.

RIVER AND STEAMBOAT MATTERS. withstanding the heavy ram on Priday night, th

on Thursday.

The sate mer J. C. t alboan. which was aground wn the Falls on Friday, was got off on Saturday and proceeded on her war, having sustained little or no damage.

The Battic will leave for New Orleans on Saturday next.

The thereilla (1a.1 Gazette, of the 24th Bitt, says.

A serious caving of the bank of the river has occurred at a point a chort distance below love in the line between the plantations of H. 6. L. Deess, not the bank with a partion of the ever. The steamer W. H. Savoy was 1900 m front of the cave at the time, but eccaped without injury. We hear that the sate facilities will have to announce forther dissater in our next. The Mobile Tribune of the 5th may:

Nerro labouers are now in great demand in the city. In facil isboorer of all kinds an aceded. We learn that deek hands on the liver are existing 800 to 70 per month.

The state of the s

said to be dry at low and having but five feet at high water.

After due deliberation, Mr. Wasa and I uccided to enter the river we had known as the Peiho in the steamer To-sy Wan as far as the barriender, nithough ignorant of access having been refused to the Eoglish and Freuch. If the forts should fire across our bows to bring us to, we would anchor and communicate: if into us, baving no guns, we would retire and act accordingly. Twelve British and one French steamer, all small, had previously concentrated within the bar at the mouth of the river, we enjerged the river is execution of our plan at 11 A. M. on the 24th ult., and, passing through the British squadron without communicating, push-

dalicuta compliment to our service. The Trey wan was more fortunate thun I expected, and a favorable which having eprueg np, wa got her cif at high water.

often recommend its awto such of our friends as are self-ring with affections of the lungs or threat, of the firm of G long starding central disk of the recent of the rec

carrying in all about fifty gans. They also had on board of some Chinese jucks at the mouth of the rivey, a reserve of beate, with seamen and unafters. On the Admersi's reaching the first burier, the forts enddenly examed with men, and a tertilis affirmed.

(Sutcher & Humph ers v. McDowell & Young, Davies affirmed.

Leav ve Quinker, Lon Chr., 65. forts enddenly ewarined with men, and a terrible fire, from very heavy gines, was opened on him from all the forts on both sides of the river.

Two of his vessels at this moment grounded near the spot where the Toey, wan had grounded near the spot where the Toey, wan had grounded near the spot where the Toey, wan had grounded near the spot with a substitution of the British and French fought with smooth detarmined valor. But fifteen minutes sufficed to show men that they were with all heps of successe. The fire of the Uhinese was directed with fatal skill, and was chiefly noncentrated on the Almiral and the vessels nearest to him. His fig vessel being disabled and her cew cut, up, he shifted his flag to the recond, and, on her meeting the fate of the sites, he again shifted it to the Cornorant, one of the larger dispatch stemmers. Here, again, the tire was concentrated on the flag of the gallant Admiral.

Practical experience has demonstrated that the largest piece of ordustoes which can be east sound and free from flaws, is a mortar thirteen inches in diameter. This would weigh about five tons. At the siege of Antwerp, the French need a mortar to our city day before yasterday. We learn that the siege of Antwerp, the French need a mount of the damage is but slight and will soon be repaired and the boar renew her tripe. Some axiv lake and the boar renew her tripe. Some axiv lake

on the ninth time of firing.

Ruman hair varies from the 250th to the 600th part of inch in thickness. The fibre of the coarsest woo'ls about the wooth part of an inch in diameter.

S'lkworm's silk is about the sooth part of an inch thick; but the spider line is eix times finer, and a and committing extensive deproduced. single pound of this delicate but strong substance would be sufficient to encompass the globe.

A- was the case with our Mexican war, the late if now sitting in Paris which has for its object the alteration of the precent uniform of the French army with a view to making it as simple and durable as practicable. The subject commands almost as much attention as a change in the fashion of a lady total tention as a change in the fashion of a lady total tention.

A writer in a communication to the Ricchester Democrate decises the impossibility of a person with recolution, determination, and perseverance breaking immediate of the habit of option eating. He is now an old man of seventy, and for four years has extracted the black to the witters that their late tow an old man of seventy, and for four years has extra display in army nu form, and a commission

now an old man of excenty, and for four years has not used the drug in any shape, though before that parties here, who his most used the drug in any shape, though before that mot used the drug in any shape, though before that he has been an opinun exterior forty years. When he commoned breaking himself of the habit he was using the epinus at the rate of eighty graine per day, and it took him about two years to accomplish his purpose.

C. F. W. Deiterich, a very thorough and careful exatistician, and Director of the Statistical Hepartment of Berlin, makes the following elassification of the inhabitants of the earth according to creed.

of the inhabitants of the earth according to creed. time 25.77 per cent. Lews 0.38 per cent. Asiatic religions 46.15 per cent. Lews 0.38 per cent. Asiatic religions 46.15 per cent. Asiatic religions 46.15 per cent. Asiatic religions 46.15 per cent. tians 25.77 per cent.: Aews 0.38 per cent.: Asiatic religions 46.15 per cent.: Mahomedan 12.31 per cent., Pagaa 25.29 per cent. The 335,000,000 of Christians ha divides as follows: Ruman Catholics 18.7 per cent.; Protestants 25.6 per cent.; Greek Catholics 22.7 per cent.

From the statement of Mr. Collins, consular agent at Amoor ricer, in Asiatic Russia, It appears that Amoor river, in Asiatic Russia, It appea

that American commerce at the Amoor is steadily mercaning. Five American bullt stoamers are now slying on its waters, which are navigable for steam ter, the days longest and the days longest ter, the days longest terms to the days longest terms the days longest terms to the days longest terms the days longest terms to the days lon plying on its waters, which are navigable for steam-licate 2,000 miles. The commercial products of that region at present consist principally of form and minerals, but it is thought that when naviga-tion shall have developed the internal resources of the country, trade will be proportionably increased. From Museow to the head of the Amoor are np-wards of five hundred cities, towns, and villages. We were shown by Mr. Gregory varient speciates of guide to the amount of \$200. One speciates of guide for melved gold worth \$18 kn pamped at the street of a branch off of a claim for which, he in rums as, be was afterward offered \$40,000. This should gold, which had the appearance of being slated and run together with gravel, thus forming solid coment of gold and gravel.

EX. Gregory has come in for the presence of the great should be added and the special content of gold and gravel. Mr. Gregory has come in for the purpose of fitting up a cumple of quartz mfl a, with which be thinke, when praperly running, he can make \$2,000 per day in his diggings.

Cot. Fremost's Misses.—In his last Cslifornia letter, literace Gree ey gives the following description of Col. Fremont's mines at Bear Valley;

The public are generally aware that Col. Fremont parcased from a Mexican at an early day a large tact or grant of wild mountain land lying among the foot hills of Sierra Nevada, called by the Mexicans Los Mariponae (the Butteil), after a wild flower known to abound here. It is known also that this tract was some years after discovered or presumed to be rich in guid—the first pieces of rich vein atoma being taken out by the propriator's own hand. It is further known that all manner of difficulties and obstractions were interposed to defect the confirmation of the grant under which Col. F. holds his title, and that a protracted and most expensive litigation was thus forced upon him.

Meantime the property was wholly unproductive—that Is, to its owner—and the most inviting portages charms and sheape in queen of gold, to out a continue of the grant at their own discrete in the confirmation of the grant under which Col. F. holds his title, and that a protracted and most expensive litigation was thus forced upon him.
